Young Wife Has Husband Placed Under Bond.

THREAT TO KILL ALLEGED

Special Correspondence of The Star.

ALEXANDRIA, Va., May 9, 1911.

The unhappy marital relations of James P. Cook and his wife, both of whom are less than twenty-one years old, and who were married only seven months ago, were narrated in the police court this morning to Justice Caton, when Cook was arraigned on the specific charge of "disorderly conduct."

After hearing all of the testimony, including that of Policeman Garvey, who made the arrest, Justice Caton placed Cook under a bond of \$100 for a period of six months, binding him to keep the peace.

The young wife testified that Saturday night last Cook threatened to kill her, and locked her up in the room where they reside. She also said he had threatened to destroy himself with laudanum.

Policeman Garvey said Mrs. Cook came to him between 9:30 o'clock and 10 o'clock yesterday morning and asked for protection. She asked him to go with her to the house, he said, to enable her to get her clothing. At the time he met Mrs. Cook she was but partially clad, he said.

Cook denies the charges.

Cook took the stand and denied emphatically that he had threatened to kill his wife. He explained that an ounce phial of laudanum which he had in his possession when taken in custody was used by him to lessen the pain of a boil on his neck. He also told the court that he locked his wife in the room because she had expressed fear of being left alone. He concluded by saying he had done everything possible to please his wife.

Before the court had passed upon the case Mrs. Cook again requested the court to have her husband bound over to keep the peace.

J. Thomas Cook, father of the accused, testified that the couple had had minor differences in the past, although his son had done everything possible for the aid and comfort of the wife.

Justice Caton said the bond would be for Cook's good behavior, and if the accused showed any intention to violate the same, he would be liable for a fine or imprisonment. His father furnished the required bond and young Cook was at once released.

After leaving police headquarters the older Mr. Cook notified Acting Mayor Marbury that he proposed to prefer charges against Policeman Garvey, who had arrested his son. Mr. Marbury told him the charges would have to be preferred in writing. It was understood this requirement will be complied with.

Confederate Memorial Exercises.

M. D. Corse Camp, sons of Confederate Veterans, at a meeting held last night perfected plans for participating in the Confederate Memorial day exercises which will be held May 24 at the camp. The camp also accepted an invitation to attend the reunion at Fairfax June 1 next under the auspices of the Confederate Veterans Association.

The committee appointed by the camp to assist the veterans in the celebration of the next anniversary of the city, and Samuel R. Luckett, C. C. Brown and M. A. Simpson, to assist the ladies at the hall.

Travelers' Association to Meet.

Sixteen delegates from Post P. Travelers' Protective Association will leave here at 4:30 o'clock Thursday afternoon for Danville to attend the annual meeting of the state association of that organization, which will convene Friday morning and end Saturday.

A meeting of the delegation was held this morning at the city hall, when the members of the committee were organized. A revised list of delegates for Danville was given by W. H. T. Brooks, M. L. Price, Jr., Raymond Hufnagel, T. A. Sommers, H. H. Randolph, H. R. Rogers, A. D. Brockett and J. J. Williams.

Revision of Passenger Rate.

The chamber of commerce at a meeting last night announced that the transportation committee had secured a revision of an alleged discrepancy in the rates between this city and Richmond, whereby Alexandria will get a round trip to that city at \$5.00, which is known as a five-day excursion ticket.

Alexandrians hereafter traveling to the state capital will, by this arrangement, save 40 cents on their fare.

It is claimed by the committee that only straight tickets were sold at \$2.70 each way and that Washingtonians have been getting the \$5 ticket.

Car Smashes Building Wall.

A freight car on Union street between King and Prince streets jumped the track at 8:30 o'clock last night, and plowed its way through the rear wall of the four-story brick warehouse at the corner of Union and Strand alleys, bringing down several tons of brick and making a large hole in the wall. The rear end of the car, which was carrying a load of wire, was completely demolished. The damaged building adjoins the cafe of Alderman Jack Hill and is occupied by J. J. DeFries & Sons as a warehouse. It is owned by Mrs. Mary Irwin of Baltimore.

The engine, which is the third in the yard, was running a string of freight cars on the side track. It was in charge of Engineer John Coleman and Fireman Gaskins. The noise made by the crash attracted a number of people to the scene. In less than an hour the debris was cleared away. No one was injured.

Recent Deaths.

Mrs. Nancy J. Treaskie, widow of William H. Treaskie, died at 4 o'clock this morning at her home, 519 South Lee street, after a long illness. The deceased was eighty-three years old and is survived by three sons, William H. Treaskie, Jr., and Norman C. Treaskie. She was a native of King George county, Va., and was one of the oldest and best known residents of the first ward. The funeral services will be held at the residence of Mrs. Treaskie, 519 South Lee street, on Thursday, May 11, at 2 o'clock. The Rev. W. Watson, pastor of the First Baptist Church, will conduct the services.

The Palais Royal Hand-Embroidered Lingerie, \$1

French—Made by Hand Throughout.

There's not only the French—there's the equally beautiful hand-embroidered garments from Ireland and the tropical Madeira Islands. Some of these garments are so elaborately embroidered that they have to cost you as much as \$15. The \$1 Gowns, Chemises, Corset Covers and Drawers are creating the wonder they should. They are passed on to you without profit in money to us.

American—More Elaborate Than French.

More souvenirs of this Annual May "White Sale"—these dainty hand-embroidered garments. More elaborate than the imported because there is no tariff tax to add to the cost, and because, while hand-embroidered, they are otherwise machine made. You may compare this Hand-embroidered Lingerie with the French that has to be sold at more than twice the price.

The Lace Trimmed Lingerie, \$1

The one-piece Kimono Gowns, to be \$1.00 tomorrow, are so attractive that the usual \$1 garment at 75c will have little attraction.

The combination garments, corset covers and drawers or corset cover and skirt, combine two garments in one for less than the price of one.

The Princess Slip, pictured to the right hand, will prove a necessary foundation for the summer gown.

\$1 Corset Satisfaction, \$1

The satisfaction is in the number of different styles and the advice and services of an expert who knows the style to suit your individuality.

An Ideal Corset for many is the extra long, adjustable model, with adjustable take-in bust. Only \$1.00.

For the slender figure is recommended the latest and best form builder, indorsed by the Palais Royal corsetiere - in - chief. Demonstration tomorrow, third floor.

9c for 12½c Dress Materials.

These Are on Second Floor.

Miles of the new materials for the Summer Girl of 1911 are to be 9c instead of 12½c yard tomorrow. The reduction in the price for Wednesday is only one feature. The fact that the materials are all new—not yet picked over—gives the assurance of a choice that could not be better and cannot again be as complete. It's an old story—the prettiest patterns and colors are always first to disappear. Where do they go? The wise girls, who look prettiest when summertime comes, spirit them away and have them made up. The foolish girls delay—and pay the penalty.
